Mrs. Donna Meagle  
Manager HR  
The Tides Wharf  
835 Bay Hwy,  
Bodega Bay, CA 94923

Dear Mrs. Meagle:

I am enthusiastically writing in response to your advertisement for the position of a Web Designer at The Tides Wharf. As a creative minded individual with a little over 2 years of functional web designing experience, I am looking to expand my abilities by contributing to the growth of your business.

As indicated in the enclosed resume, I have significant experience in designing web applications and tools. My ability to create accurate web designs – that are easy to maintain, revise and expand – has been commended by my teachers. Additionally, I have a track record of creating user friendly web designs for new users. This quality helped non-technical visitors to easily understand the website content, consequently, converted them into returning visitors.

With great web designing insight, I look forward to a meeting with you to discuss my aspirations in details. I will call you after some days to follow up on this letter. Please feel free to call me at (916) 969-8530 if you need any further information from my side.

Thank you for your time and consideration.

Sincerely,

(Signature)  
Lindsey Bettencourt
